## 5. Information regarding controlling persons

If the Entity is a Passive NFFE under US FATCA or a Passive NFE under CRS, please supply details of parties with a 25% or greater interest in the legal entity. This includes:

- For a company, a list of the beneficial owners
- For a partnership, a list of the partners

If there is a Controlling Person of a legal entity other than a beneficial owner or partner, they should also be listed.

A Controlling Person has to be a **natural person**, an individual who exercises direct or indirect control. Therefore, if an entity structure is in place, look through to the ultimate beneficial owners.

- For a trust or other similar legal arrangement, with unlicensed trustees or that are otherwise classified as a Passive NFFE / NFE, the Controlling Persons will include the settlor, the trustee(s), the protector (if any), the beneficiaries, and any other natural person exercising ultimate effective control over the trust.

### 5.1 Discretionary trust beneficiaries

It is recognised, specifically in the case of discretionary trusts, that the individual beneficiaries are not always identified until such time as the first distribution is made to that beneficiary by the trust.

Such beneficiaries do not need to be listed below, however, should distributions be made in the future, the beneficiaries will be treated as Controlling Persons and will become reportable under FATCA and CRS, if applicable. When this happens, you must update us by supplying a new Entity Self-Certification form.

### 5.2 Type of controlling person

The type of Controlling Person should be listed as follows (if a Controlling Person of a trust is, for example, a settlor and trustee, please include each role):

- Controlling Person of a Legal Person – Control by Ownership

## FATCA/CRS explanatory note and glossary of terminology

Regulations governing the automatic exchange of information, including the U.S. Foreign Account Tax Compliance Act (FATCA) and OECD's Common Reporting Standard (CRS), require Nedbank Private Wealth to collect information from our accountholders to determine whether they are U.S. Specified Persons or tax residents of CRS jurisdictions and where entities are accountholders whether the Entity or any Controlling Persons are U.S. or CRS Specified Persons. This brief glossary may assist in explaining some of the terminology used in FATCA and CRS but we are not tax advisers and this glossary is not a substitute for the regulation or guidance available in each jurisdiction.

**Certified Deemed Compliant FFI:** This status is reserved for a class of entities that the IRS has deemed to pose a low risk of tax evasion. These FFIs are treated as compliant for FATCA purposes and are not required to undertake all due diligence and reporting eg, non-registering local banks and investment advisers who do not hold financial accounts on behalf of others.

**Controlling Person:** A Controlling Person means a natural person who exercises direct or indirect control over an Entity. In regard to corporates, a Controlling Person is one who has an ownership interest of more than 25% in the company. If a partnership, the Controlling Persons include any individual with a 25% or greater interest in the profits or capital of the partnership. In the case of trusts the Controlling Persons includes the settlors, trustees, beneficiaries and, where applicable, the protectors.

**CRS Definitions of Investment Entities:** The following is taken from Section VIII 6a and 6b of the CRS. The term "Investment Entity" means any Entity:

6(a) that primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer:

- i. trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;
- ii. individual and collective portfolio management; or
- iii. otherwise investing, administering, or managing Financial Assets or money on behalf of other persons; or

b) the gross income of which is primarily attributable to investing, reinvesting, or trading in Financial Assets, if the Entity is managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or an Investment Entity described in subparagraph A(6)(a).

An Entity is treated as primarily conducting as a business one or more of the activities described in subparagraph A(6)(a), or an Entity's gross income is primarily attributable to investing, reinvesting, or trading in Financial Assets for purposes of subparagraph A(6)(b), if the Entity's gross income attributable to the relevant activities equals or exceeds 50 per cent of the Entity's gross income during the shorter of:

- i. the three-year period ending on 31 December of the year preceding the year in which the determination is made; or
- ii. the period during which the Entity has been in existence. The term "Investment Entity" does not include an Entity that is an Active NFE.

**CRS Specified Person:** Means a CRS tax resident individual, a company tax resident in a CRS jurisdiction which usually means they are incorporated, managed and controlled in that jurisdiction, a partnership where management and control is exercised in a CRS jurisdiction or a trust, where the trustees are tax resident in a CRS jurisdiction.

**Exempt Beneficial Owner:** These are entities that are exempt from all aspects of FATCA. They include governments, international organisations, certain retirement funds and registered charities. Retirement schemes are usually managed by professional pension trusts and we have put the appropriate option in the financial institution section 2.2.

**Foreign Financial Institution (FFI):** Under U.S. FATCA the term Foreign Financial Institution (FFI) is used. CRS terminology is Financial Institution (FI). The definition of an FFI is broad and wide ranging, and includes entities such as banks, custodians, nominees, certain insurance companies, professionally managed trusts, funds, and certain professionally managed investment companies.

**Non-Financial Foreign Entity (NFFE):** These are non-U.S. entities that are not Foreign Financial Institutions or Exempt Beneficial Owners. Under the CRS the term "foreign" is not used and therefore the CRS terminology is an NFE. There are two types of NFFEs/NFEs:

**Active NFFE:** Active NFFEs/NFEs include manufacturing, retail and trading companies and non-financial institutions that are listed on a recognised stock exchange. They are companies that make things or trade in things made by others – these entities are reportable under CRS, but not under FATCA.

**Passive NFFE:** Passive NFFEs/NFEs are entities that primarily hold investment assets such as equities and debt securities that produce investment income eg, dividends and interest. These entities will be reportable under FATCA or the CRS if the Entity is tax resident in the U.S. or a CRS jurisdiction whilst its financial accounts are held with a financial institution in another jurisdiction. Where Controlling Person(s) are U.S. and the Passive NFFE Entity is established outside of the U.S., they will be reportable under FATCA. Where CRS Specified Persons are Controlling Persons of entities whose financial accounts are held outside of the Controlling Persons tax jurisdiction, they will be reportable under the CRS.

**Non-Participating Foreign Financial Institution:** Under U.S. FATCA this is an FFI that is not a Participating Financial Institution, and will not obtain a global intermediary identification number from the IRS. These entities will suffer 30% withholding taxes on U.S. sourced income and after 31 December 2016 on gross proceeds from the sale of assets that could generate such income. There is no equivalent CRS definition.

# Self-Certification of Entity Tax Status

**Participating Foreign Financial Institution:** This is an FFI resident in a non-IGA jurisdiction which has registered directly with the IRS and undertakes all due diligence and reporting obligations under FATCA.

**Reporting CRS Jurisdiction:** Over 100 countries including all EU countries, the Crown Dependencies and many others are in various stages of adopting the CRS. For more information, search OECD AEOI Portal and CRS Jurisdictions.

**U.S. Specified Person:** Means a U.S. citizen or U.S. permanent resident individuals, including Green Card holders. A U.S. partnership or a company incorporated in the U.S. and a U.S. trust, if a court in the U.S. has authority to pass judgement relating to the administration of the trust, and a U.S. person has the authority to control all substantial decisions relating to the trust. We will require a U.S. Specified Person to completed a U.S. Form W-9, if one has not already been completed.
