1. WHAT IS CONFIRMATION OF PAYEE?

Confirmation of Payee (CoP) is a name checking service for UK based payments that checks whether the name on the bank account you are attempting to send money to matches the bank details you would expect it to. This then provides you with greater personal control as to whether you want to proceed with a payment and better determine whether it is to the intended recipient. Likewise, when someone wants to send a payment to you, it confirms for them whether your bank account details match. This gives greater assurance to individuals and businesses making payments between UK banks that details are correct, and provides another layer of protection against fraud and scams. All customers are now automatically included in the CoP service for incoming sterling payments sent within the UK.

2. ABOUT OPTING OUT

The decision to accept a client opt out request is at the banks discretion and we will only agree to opt out requests in exceptional circumstances. If you opt out of CoP, your account won't be checked when another person or business tries to make a payment to it. You'll still be able to use CoP when you send a payment to another account.

3. RISKS OF OPTING OUT
